Back reference. Spatial constraints on upgrade sites arise from planning and design principles, cultural preferences and topography. I went alone with a guide 7 miles to where Joseph was with his warriors. And here, in the translation process, the time gap separating source and target texts functions not so much as a thread linking both acts of writing along a historical continuum but rather as a lens, generating several simultaneous optical effects, where light shifts in unsuspected ways and where appearance must be understood in its composite and elusive nature.
